

# EXCEL INDUSTRY

The Excel Industry is a highly efficient luminaire designed for Low Bay or High Bay applications, for Industrial premises.

The luminaire uses high output T5 lamps with 20,000—25,000 hour life ratings and high quality Electronic ballasts for minimal maintenance.

With PIR's and daylight linked dimming available as options, it is intended as an Energy efficient replacement for traditional Discharge Lighting Low Bay and High Bay luminaires.

The luminaire is available in two lengths 1285mm and 1585mm and caters for either 3 or 4 lamps.

The luminaire has a range of accessories e.g. Acrylic panel (P) for food applications, Passive Infra Red detectors (PIR) to control the loads and also Daylight Linked Dimming (DLD).

CODE	DESCRIPTION	DIMENSIONS(mm)
IND354	3x54W T5 luminaire	1285x310x125
IND454	4x54W T5 luminaire	1212x360x92
IND349	3x49W T5 luminaire	1585x310x125
IND449	4x49W T5 luminaire	1512x360x92
IND380	3x80W T5 luminaire	1585x310x125
IND480	4x80W T5 luminaire	1512x360x92

Add the codes (P), (PIR), (DLD) to the luminaire codes for the appropriate accessory. E.g. for 3x54W luminaire with PIR for 5m heights and Daylight Linked Dimming—IND354/PIR5/DLD

- /P - Acrylic Panel for Food applications
- /PIR5 - PIR for up to 5m heights.
- /PIR10 - PIR for up to 10m heights.
- /DLD - Daylight Linked Dimmer and 1-10V Dimmable Ballasts.
